*3) In view of the communication received from the chairman C. S. T. D. Mysore, I got into immediate contact with the C. E. for R.B.B. and requested him to return at once the files referred to in (1), (2), (H.B.) above. He said that, owing to a large congestion of work especially those relating to the estimates sent to him weekly for scrutiny & want of adequate staff, it will not be possible to attend to these files & that a representative will be made to the Minister for Res. & P.W. for group work. As to the staff to attend to the work at Mysore as has been sent to him previously but in view of the position explained by him, it may not be possible for him to find back the files in question early.

4) The new model houses to be built on the site of the Jankulam road. It is proposed to be built with 25 narrow sub-range & Palace Bungalow. As the cost indicated for this work found to be in excess it is likely to result in early approval of the tenders pending receipt of the plan.

Re - Stock of cement in Trust Board Stores

I have the honour to state that there are about 150 tons of cement (3000 bags) in stock which was indented for the use of the Board as a number of works were sanctioned by the Board to be taken up. Tenders for these works were called for and have been submitted to Government in this Office Nos D2 PR 21/48-49 dated 16-11-1948 (14 model houses in Yagavagiri), D2 C 143/48-49 dated 3-1-1949 (9 model houses to the South of Golmulam houses, Vanivilaspuram)

So far the tenders have not been received duly approved and the housing scheme for which Rs 50,000/- was sanctioned by the Board is reported to be still undecided vide D O No L 10430 dated 17th March 1949, and the quantity of cement cannot be consumed by the Board under its normal activities. As the rainy season is fast approaching and as the Stores is situated in a swampy area there is a great likelihood of the cement getting damaged. Hence in order to save heavy loss of stock, resulting in the cement getting damaged, I am proposing to sell the cement to bona-fide builders in City limits in Mysore under intimation to the Director of Civil Supplies, in anticipation of sanction.

I request you to kindly approve the action taken by me as otherwise there will be ^a heavy loss on stock as already reported.

Immediate orders in the matter are requested.

Yours faithfully,

S Venkatesh Ramana

24/1

This is just to remind you about the tender for the construction of the model houses in Yadavagiri and Gokulam pending disposal with Government and see that approval is communicated early in view of the fact that cement required for these works have been stocked and that there is great danger of the cement becoming useless during the rainy season

I have explained the position when you were at Mysore

I request you to please see that immediate orders are communicated I may add that when the Trust Board Engineer was at Bangalore, he has also explained the whole case to the Assistant Secretary

Thanking you,

With regards,

Yours sincerely,

Janab Mir Safdar Hussain, B A,
Secretary to the Government of
His Highness the Maharaja of Mysore,
General Department,
